Interpretive Program and Event Descriptions

Kidleidoscope

Wednesdays @ 1:30pm
Meet at Visitor Center

Join the Park Interpreter for this three-part pre-school aged program focusing on Forest themes. Forest animals, Geology, and Plants will be some of the topics offered by this program. Please dress appropriate for the weather and where closed shoes. Parents must accompany children.

Fall Nature Crafts

A fall themed nature craft designed for kids.

Marvelous Marble Tour

Easy walk with Park Interpreter to explore the geologic history and the remains of the 19th-early 20th century marble quarry that once operated at Natural Bridge. Walk may range between 30-45 minutes. Sturdy walking shoes recommended

Ongoing

Short 15 minute tours offered every half hour by request pending no programs are scheduled. Walk-ins welcome!

Natural Bridge Scavenger Hunt

Ask for the children's scavenger hunt-hike along the quarter-mile long Natural Bridge Trail. Scavenger hunt sheets available in the Visitor Center.

Geologic Displays

View and touch examples of the rocks and minerals found at the park and throughout the region. Display is in the Visitors Center.

"Name that Skull" display

Observe and identify animal skulls.

Mammal Trivia

Test your knowledge by answer questions about mammals. Ask staff for answer sheet
